Teaching students to be comfortable, prepared, and independent in computer skills, math, writing, business, music, and more by utilizing my uniquely qualified combination of education, experience, and creative extrovert disposition. Promoting education and providing solutions to demystify technology.

Accomplishments

- Changing lives by helping computer customers to digital independence and comfort over 5 years.
- Teaching math, business, programming, music, art, and computer literacy over 20 years.
- Designed, programmed, and supported multiple engineering software applications over 7 years.
- Analyzed and maintained accounting systems which led to 40% time savings on required reporting.
- Volunteer executive leadership over 25 years of community non-profit organizing and fundraising.

Current Employment

Instructor **since 2017**
 Michigan Technological University, Houghton MI. Teach CS3000 Ethical and Social Aspects of Computing

Adjunct Faculty **Jan 2013 – present**
 Finlandia University, Hancock MI. Teaching MAT146 Geometry for Artists; BUS125 Business for Artists; and ARD240 Digital Modeling and Rendering
